

BD is building a state-of-the-art sterilization facility in Tucson that will ensure healthcare facilities in Arizona and around the world have the medical technology needed to serve patients and advance public health. BD is also committed to pandemic preparedness solutions and we are making significant investments such as this one to improve supply chain resilience, customer service levels and operational efficiency.

## WHY TUCSON?

 **CENTRAL  
LOCATION**

**FULFILLS REGIONAL  
STERILIZATION  
DEMAND**  

**STRENGTH  
OF THE  
TUCSON  
WORKFORCE**

“

*We're thrilled to welcome BD to Tucson. Tucson's strategic location, coupled with our tech companies, university, workforce and proximity to Mexico, were key strengths that led to this successful outcome for our region.*

*–Tucson Mayor Regina Romero*
